

9 May 1960

MEMORANDUM FOR: Chief, Intelligence Production Staff, SI

THROUGH: Chief, Economic Research Area, GRC  
Arthur David P. Coffin

SUBJECT: Reference SI Memorandum to ERA re Soviet Maritime Engineering Projects dated 3 May 1960

1. At the present time the GRC has no projects scheduled, or anticipated, for the study and analysis of the listed topics.

2. The GRC does have a continuing interest in these and other related topics, however, and possesses a body of climatic, hydrologic, physiographic and other analytical data in addition to a well developed area expertise in this part of the world. The GRC is prepared to utilize its capabilities in support of any of these projects which may be initiated.
